Mr. Charley Barth, Director
Office of the Federal Register (F)
The National Archives and Records Administration
8601 Adelphi Road
College Park, MD 20740-6001

Dear Mr. Barth:

Please make the following corrections to the final rule entitled **"National Pollutant Discharge Elimination System—Final Regulations to Establish Requirements for Cooling Water Intake Structures at Existing Facilities and Amend Requirements at Phase I Facilities,"** [EPA-HQ-OW-2008-0667; FRL-9817-3]; RIN 2040-AE95; amending parts 122 and 125 of title 40 CFR that is presently scheduled to publish on Friday, August 15, 2014.

"The places in the rule where we used instructions that say 45 months after effective date of the rule, should really be 45 months after 60 days after the date of publication in the FR, not 45 months after publication date. By my calculations, that is **July 14, 2018** and not May 15, 2018.

Just to be absolutely certain about these dates, the following are all the instances where we had FR instructions to fill in dates, and what I think they should be (I'm using the "2014-12164-WORK_smEdits7-21-2014+OW errors memo7-18-2014.Monday morning.docx" file to note page numbers):

1. The effective date of the rule is October 14, 2014, and this date is inserted a total of 18 times: pp. 2, 90, 206, 248, 494, 512, 525, 531, 533 twice, 537 twice, 545, 554, 555 twice, 559, and 560.
2. The plus 45 months date of the rule is July 14, 2018, and this date is inserted a total of 12 times: pp. 244, 248, 249 twice, 251, 290 twice, 544 twice, 553, 554, and 558.
3. There is one instance of a date 14 days after publication, which is August 29, 2014, on p. 2.
4. Finally, there is one instance of a date 5 years after the effective date of the rule, which is October 14, 2019 (p. 524)."
